WALDWICK PUBLIC LIBRARY  
10 EAST PROSPECT STREET, WALDWICK, NY

Programs at the library are lively and entertaining, but you have to register in advance or arrive early if you hope to get in. Responding to space constraints that limit attendance at programs, library trustees hired architect Anthony Iovino to create a design concept that would double the size of the current meeting space and provide additional features to increase services. The architect's plans call for a "bump-out" of the east side of the building to create the new meeting space, while the existing meeting room would be renovated to create a conference room that would double as an area for quiet study and provide storage for local history materials.

By maintaining the building's traditional design and brownstone façade, the architect has designed the addition to appear as though it had always been there. Set back from Prospect Street, the proposed addition incorporates elements such as a gently sloping roof and 1950s-style windows, so as to make a minimal impact on the surrounding homes and businesses. Because all of the construction activity would take place at the east end of the building, the project would not involve a closing of the building, an interruption of library services, or off-site storage of collections.

Current cost estimates place the price tag for the building project at approximately \$400,000. The library has over half that amount in a capital reserve account. A large portion of that funding consists of a gift of \$100,000 from the estate of J. David Kamykoski, who retired in 2001, after 25 years of service as director of the library. The remainder of the library's capital reserve, approximately \$118,000 has been received in the form of private donations and revenues from the passport application acceptance program that has been in operation since 2004.

Plans for the building project will not move forward until the library has made significantly more progress in raising funds to attain its goal. The Friends of the Waldwick Library plan a number of fundraising events in the coming months and welcome the assistance and active participation of the community.

### Capital Campaign to Recognize Donors

A new donor recognition display, designed to raise funds for the library expansion, will be permanently installed in the foyer of the library in the coming weeks. Monumental in design, the distinctive wood frame of the donor board houses a collection of decorative tiles in graduated sizes. Donations of designated amounts earn a donor the right to have a commemorative message engraved on a decorative tile at the following levels of giving:

- Bronze – \$250 and above
- Silver – \$1,000 and above
- Gold – \$5,000 and above

In the high-traffic area of the library foyer, the new donor recognition display will be seen and admired by approximately 10,000 people who visit the library every month.

Application forms for engraving are available from the library circulation desk; checks should be made payable to Friends of the Waldwick Library. If your company matches tax-exempt gifts, please submit the appropriate forms. Questions about the capital campaign and donor recognition should be directed to Library Director Patty Boyd at 201-652-5104.

## Book Discussion

The Waldwick Library Book Club meets on the second Thursday of the month at 7:15 PM. Copies of the books are available at the circulation desk four weeks in advance of the discussion. New members and drop-ins are always welcome. The schedule of books to be discussed is as follows:

### April 8 *White Ghost Girls* Alice Greenway

Amidst the political upheaval of Mao's China and U.S. involvement in Viet Nam, two American sisters come of age in Hong Kong in the summer of 1967. In this beautiful debut novel about memory, loss, and yearning, Hong Kong itself becomes a third character.

### May 13 *Guernsey Literary and Potato Peel Pie Society* Mary Ann Shaffer & Annie Barrows

The German occupation of the Channel Islands, recalled in letters between a London reporter and a gaggle of Guernsey islanders, is the engrossing subject of this lively debut novel. Presenting itself as cozy fiction, the novel quickly evinces a far more serious, and ambitious, intent.

### June 10 *The Angel's Game* Carlos Ruiz Zafon

In 1920s Barcelona, a down-on-his-luck writer strikes a devil's bargain to become a crime writer and then a beloved pulp novelist in this thrilling supernatural mystery.

### July 8 *Brodeck* Philippe Claudel

Set in a remote, imaginary village in central Europe after an unnamed war, this fable examines man's distrust of strangers and the primal violence it may engender.

## Friends of the Library

### Dear Friends:

In these difficult economic times, our municipal library experiences record-breaking usage. Career workshops, programs for children and adults, public computers, library collections, and other services are in demand in new and unprecedented ways. In Waldwick, we are fortunate to have the support of so many generous and dedicated library patrons. We are grateful to the Friends of the Waldwick Library, the organization that raises funds to supplement programs and services that are not covered by our annual operating budget. Last year, the Friends sponsored the Summer Reading Club for the youth of the community as well as most of the entertaining and informative programs offered for adults.

As we launch a capital campaign to expand our library building, I urge you to consider making a donation to the Friends of the Library. If possible, become an active member of the organization by attending regularly scheduled meetings and sharing your ideas. A tax-deductible gift to your municipal library, the agency that serves citizens of all ages and interests, is a sound investment in the future of your community.

*Best Wishes,*  
Patty Boyd, *Director*

*The Friends of the Library will meet in the library at 3:00 PM on the following Mondays: March 22; May 24; September 27; and November 22.*
